Scripps Clinic Medical Group is seeking a BC/BE neurologist to join our neurohospitalist team in San Diego. Our multispecialty group is looking to expand our neurohospitalist program on the Memorial La Jolla hospital campus which is a 425 bed hospital and is a Joint Commission Certified Comprehensive Stroke Center. Fellowship training in vascular neurology or epilepsy is preferred but other areas of subspecialty training will be considered. Please contact

Scripps Clinic has been caring for San Diegans since 1924 when philanthropist Ellen Browning Scripps established the Scripps Metabolic Clinic in La Jolla. In addition to training new physicians, we have been advancing medicine for decades. Our groundbreaking research brings promising new therapies and effective treatments to our patients from around the country.

Interested candidates should forward their *curriculum vitae* to Mary Kalafut, at Kalafut.Mary@scrippshealth.org.

Company Overview

Caring for San Diegans since 1924, Scripps Clinic is San Diego's first choice for exceptional primary care and highly specialized and coordinated specialty care. Scripps Clinic offers a comprehensive range of medical and surgical services that are nationally recognized for quality, excellence and innovation. From primary to specialty care, our team-based model is designed to provide the best possible care and outcomes for you and your family. More than 850 providers and physicians provide 1 million patient visits a year coordinated through an integrated electronic health record.
