

Scripps Clinic Medical Group is seeking a board-certified Vascular Surgeon to work full-time within the Scripps Health system in San Diego, California. Applicants must have completed an accredited Vascular Surgery Residency or Fellowship and be proficient in all aspects of vascular surgery including both open and endovascular techniques. The successful candidate will be expected to participate in the Society for Vascular Surgery's Vascular Quality Initiative (VQI) and take an active role in the growing vascular service line at Scripps Encinitas and La Jolla Memorial campuses with two established and supportive vascular surgeons. While participating in every aspect of vascular surgical care, our division has additional exposure to complex aortic disease from the arch to the bifurcation, critical limb ischemia and carotid disease. Additionally, we support a large cardiovascular service line with ECMO, Impella, and TAVR access.

Scripps Clinic Medical Group (SCMG) is a multispecialty practice featuring one of the most diverse, accomplished medical teams in the country; over 950 physicians and Advanced Practice Clinicians across 60+ specialties comprise our membership.

Scripps Health system covers five hospital campuses, 29 outpatient centers and clinics and hundreds of affiliated physician offices throughout the region, we are a community inside and out. Together, we support a compassionate, collaborative culture and a dedication to serving our communities across San Diego. Scripps Health is the only San Diego-based company to make Fortune magazine's 100 Best Places to Work. It's not only our buildings, equipment, benefits or even our values that make Scripps a great place to work. It's our people. Individually and together, how we care for our patients, city and each other is what ultimately brings us together.
