Scripps Clinic Medical Group is seeking a BC/BE neurologist to join our outpatient multispecialty group. We are looking for a full time multiple sclerosis specialist neurologist who is interested in caring for patients with a wide variety of neurologic issues. Our division of neurology consists of 14 Neurologists with varying subspecialties. We are looking for candidates who can deliver excellent, compassionate clinical care to our patients. Opportunities are available to participate in graduate medical teaching and collaborative research. We are part of a busy medical group that provides a robust referral base. There is no inpatient work required.

Scripps Clinic has been caring for San Diegans since 1924 when philanthropist Ellen Browning Scripps established the Scripps Metabolic Clinic in La Jolla. In addition to training new physicians, we have been advancing medicine for decades. Our groundbreaking research brings promising new therapies and effective treatments to our patients from around the country.

A competitive salary package is offered and benefits include medical/dental/vision insurance, medical malpractice coverage, contributions to retirement savings, and a stipend for continued education. Scripps hospitals are consistently ranked among America's Best Hospitals according to US News.

San Diego, California is in a large urban setting with diverse cultural backgrounds and access to many family-friendly forms of entertainment, including sports, music, theater, museums and diverse restaurants. San Diego has one of the best climates anywhere on the planet, and is home to sunny and beautiful beaches.

Interested candidates for the Outpatient Multispecialty Group please send letter of interest, CV, and 2 letters of recommendation to Dr. Mary Kalafut, MD, at Kalafut.Mary@scrippshealth.org and Dr. Nelson Hwynn, DO, at Hwynn.Nelson@scrippshealth.org
