

Title:

Scripps Cancer Center Blood and Marrow Transplant Physician

Description:

Scripps Cancer Center is actively seeking an experienced blood and marrow transplantation physician to join our faculty.

The Scripps Cancer Center at Scripps Clinic is looking for a blood and marrow transplantation physician to join our growing team of experienced and creative experts. The Scripps Cancer Center is a well-established hematologic and oncologic team ranked in the top 10% of hospitals for oncologic care by US News & World Report.

We are seeking physician candidates with:

- Excellent clinical training with board eligibility or certification in Medical Oncology or Hematology/Oncology;
- Specific training in transplant, cellular therapy, and CAR-T;
- Preference for hematologic oncology with interest and/or expertise in management of blood and marrow conditions;
- Willingness to practice in a collaborative, integrated setting and help build the program;
- Candidates with a strong interest in clinical research and medical education are encouraged to apply.

Scripps Clinic offers a competitive benefits package. Benefits include employee health, vision, and dental insurance. Also included is a generous retirement plan with employer match.

Compensation:

In compliance with the California Pay Transparency Act, Scripps Clinic Medical Group posts the pay range for our open positions. Please note that actual pay will be

determined based on relevant experience within the pay range. Scripps Clinic Medical

Group strives to ensure that our employees receive equal pay for equal work in line with our commitment to being an equal opportunity employer. Estimated range based on experience: \$500,000-\$520,000 base guarantee plus production component.

Scripps Clinic is an equal opportunity employer who recognizes and respects the value of a diverse faculty. Candidates should submit their Curriculum Vitae and a letter describing their clinical and academic interests to:
