

SEARCHING FOR A DERMATOLOGY PHYSICIAN

Scripps Clinic Medical Group (SCMG) is a multi-specialty group with just over 1000 physicians and advanced practice clinicians serving San Diego and the surrounding region. Established more than 50 years ago, it is recognized as one of the premier medical groups in the country and boasts an excellent reputation in over 60 medical and surgical specialties.

General Description

Scripps Clinic Medical Group is seeking an outstanding Board-Certified Medical Dermatologist to join our academically focused, multispecialty dermatology department in beautiful San Diego, California. This position offers the opportunity to develop a rewarding practice focused on complex medical dermatology within a highly collaborative, multidisciplinary environment. The successful candidate will work alongside dermatologists, dermatopathologists, Mohs surgeons, oncologists, rheumatologists, allergists/immunologists, infectious disease specialists, transplant physicians, and other subspecialists to provide comprehensive care for patients with complex dermatologic diseases.

We are seeking a dermatologist with at least five years of clinical experience, with preferred subspecialty expertise or a demonstrated interest in one or more of the following:

- Complex medical dermatology
- Melanoma and high-risk skin cancer management
- Autoimmune and inflammatory skin diseases
- Bullous disorders
- Cutaneous manifestations of systemic disease

This position is ideal for a physician who enjoys practicing high-level consultative dermatology in an academic-style environment while benefiting from the efficiency, resources, and collegiality of one of the nation's leading multispecialty medical groups.

Faculty appointments and opportunities for teaching residents and medical students are available through our expanding educational programs.

Key Responsibilities

- Provide comprehensive outpatient evaluation, diagnosis, and management of patients with complex medical dermatologic conditions.
- Collaborate closely with multidisciplinary teams across medical and surgical specialties.
- Participate in multidisciplinary clinics, tumor boards, and collaborative care conferences as appropriate.
- Perform accurate, timely, and complete documentation utilizing the EPIC electronic medical record.
- Participate in departmental quality improvement initiatives and clinical program development.
- Share call responsibilities with other members of the Department of Dermatology.
- Maintain board certification and fulfill continuing medical education requirements.
- Participate in resident, fellow, and medical student education and mentorship.
- Contribute to scholarly activity, clinical innovation, and program development as desired.
- Strive to achieve the Scripps Clinic Quadruple Aim:
 - Improving patient experience
 - Improving population health, quality, and safety
 - Improving efficiency and affordability of healthcare
 - Improving physician and staff satisfaction and engagement

Skills/ Experience

- Board Certified or Board Eligible in Dermatology.
- Minimum of five years of clinical practice experience preferred.
- Expertise or focused interest in complex medical dermatology, melanoma, inflammatory dermatoses, autoimmune skin disease, or bullous disorders strongly preferred.
- Demonstrated commitment to evidence-based, patient-centered care.
- Ability to function effectively within an integrated multispecialty medical group.
- Excellent interpersonal and communication skills.
- Commitment to education, collaboration, and continuous quality improvement.
- Respected by colleagues and multidisciplinary teams.
- Supportive of the institution's mission, vision, and values.

Benefits

- Highly competitive compensation package consisting of a one year guaranteed base salary with significant productivity incentive opportunities.
- Comprehensive benefits including health, dental, employer-paid life insurance, long-term disability, 401(k), discretionary bonuses, and voluntary benefit options.
- CME and licensure allowance.
- Scheduled to work 46 weeks per calendar year, providing approximately six weeks of planned time away from clinical duties.
- EPIC electronic medical record across all clinics and hospitals.
- Opportunity to teach dermatology residents, internal medicine residents, fellows, and medical students.
- Participation in weekly educational conferences, grand rounds, multidisciplinary conferences, and journal clubs.
- Strong institutional support for academic interests, clinical research, and program development.
- Emerging use of artificial intelligence to assist with documentation and clinical workflow.
- Outstanding multidisciplinary collaboration with nationally recognized specialists.
- Excellent physician support, collegial work environment, and administrative infrastructure.
- Live and work in beautiful coastal San Diego with year-round exceptional weather and quality of life.

Compensation:

In compliance with the California Pay Transparency Act, Scripps Clinic Medical Group posts the pay range for our open positions. Please note that actual pay will be determined based on relevant experience within the pay range. Scripps Clinic Medical Group strives to ensure that our employees receive equal pay for equal work in line with our commitment to being an equal opportunity employer. Base guarantee salary range on experience: >\$500,000, with opportunity to exceed.
